SUMMARY

Detail-oriented Full-Stack Developer with 3 years of experience building responsive web and mobile applications. Specialized in ReactJS, TypeScript, Tailwind CSS, and Node.js, with a strong focus on UI/UX implementation and performance optimization. Experienced in working remotely and collaborating with cross-functional teams to deliver scalable digital products. Passionate about AI and LLM integration, seeking to leverage strong technical problem-solving skills. Eager to contribute to Crossing Hurdles as a Senior Full-Stack Software Engineer.

EXPERIENCE

*Freelance, **Software Engineer / Fullstack Developer***

Jun 2023 - Present

- Developed a comprehensive training management system for PT Hasnur Riung Sinergi using Laravel PHP and Tailwind CSS
